// **SMS boasts impressive open rates and fast responses, making it a superior choice for engaging clients and boosting business.**

Some of the other key benefits of SMS are:

- SMS is less intrusive than a phone call
- SMS has a much higher read rate than emails
- Save time and money by not having to call individual clients to confirm appointments
- Increased opportunity for your salon to fill cancelled appointments
- Online Booking acknowledgement
- Instant Gift Voucher Delivery
- Phenomenal returns on investment

Client Consultation Forms

Our new consultation Forms feature is designed to empower you with a tailored approach to client interactions.

Customisation and Intelligence

The consultation forms give you the ability to create custom forms for different services. For instance, a laser treatment may require a different question compared to a facial service, when a customer books multiple services with varying form needs, our system intelligently combines them into a single, seamless form.

Automated Delivery

The convenience continues with our SMS delivery, allowing clients to complete the form on any device. Schedule the SMS link to be sent up to 10 days prior to their appointment or send individual forms anytime directly from the client card. The completed consultation form is always accessible to view within the individual client's card.

Always Current

Consultation forms are given an expiration date. If a client has previously completed a form, they won't be prompted to fill it out again until it has expired.

Enhanced Tracking with Form Icon and Email Confirmations

Appointments linked to a consultation form are clearly indicated with a new "Form Icon" and the form icon updates to display a tick once it's been successfully completed. Clients also receive a copy of the completed form via email.

The image displays the HBSalon Software interface for setting up consultation forms. The main window is titled "Consultation Setup" and includes several configuration options:

- Enable Automated Consultations
- Email to Client on Completion
- Send consultation SMS days prior to Appointment

Below these options is a "Terms & Conditions" section with a scrollable area containing the text: "By completing this consultation form, you are agreeing to our salon's policies, terms and conditions."

A table titled "FORMS" lists the following services:

Active	Name
<input checked="" type="checkbox"/>	Facial
<input checked="" type="checkbox"/>	Laser Services
<input checked="" type="checkbox"/>	Massage
<input type="checkbox"/>	Microderm

The interface also features a sidebar with navigation options: 1 Edit Setup, 2 Add New Form, 3 Edit Form, 4 View History, and an "esc Exit" button. At the bottom, there is a keyboard shortcut bar with buttons for Quit (F1), Setup (F2), Stock (F3), Services (F4), Reports (F5), Marketing (F6), Salon (F7), and Sales (F8).

Overlaid on the right is a mobile phone displaying the client consultation form for "Hi, Alana". The form is titled "Facial" and contains the following questions:

1. Have you had a facial before? *
 Yes
 No
2. What are your skincare concerns? *
 Dry Skin
 Oily Skin
 Sensitive Skin
 Wrinkles
 Acne
 Redness
 Blackheads
 Breakouts
 Skin texture
 Hyper-Pigmentation/ Uneven Skin Tone
 Clogged Pores
